PROFILE

Over 4 years of valuable experience working in the dynamic e-commerce industry, where I've had the privilege of collaborating with cross-functional teams, including product development, design, data analysis, and quality assurance.

WORK EXPERIENCE

Ruparupa (Kawan Lama Group) 2021 - PRESENT
Mobile Application Engineer

- Developing applications to support Kawan Lama Group operations, for example Ruparupa, Miss Ace, Informa Apps, Store Mode.
- Involved in the "Need for Speed" project, focused on optimizing app performance by refactoring code to adhere to best practices and removing unnecessary re-rendering, resulting in faster and more efficient applications.
- Build test automation using webdriver.io and cucumber in the application.

PT Air Mas Perkasa 2020 - 2021
Mobile Application Developer

- Developing mobile applications for Human Resource needs using react native, for example AyooHris, AyooAbsen.
- Build a server application using express for data parsing needs

PT Perkebunan Nusantara IX 2019 - 2020
Mobile Application Developer Intern

- Developing applications for Human Resource and Plantation needs, for example HRMan, Plantation Management Systems
- Build a server application using express for data parsing needs

EDUCATION

Bachelor of Technology - BTech 2016 - 2020
Information Systems | Universitas Dian Nuswantoro
GPA: 3.66 / 4.0
